Dear Parents,

Seasons' Greetings from Principal's Desk!

### Welcome to Design Thinking!!!

As we embark on a new academic session, we are thrilled to introduce the theme of "Design Thinking" as the cornerstone of our pedagogy". Design thinking empowers our Doonites to tackle complex problems creatively, fostering innovation and critical thinking skills that are essential for success in the 21st century.

Before delving into the exciting prospects of design thinking, let us take a moment to celebrate the remarkable achievements of the previous year's theme, "A Page on Stage." Through this innovative approach, our Doonites honed their public speaking abilities, exuding confidence, and eloquence on various platforms.

It was heartening to witness our Doonites speak loud and clear, captivating audiences with their compelling narratives and persuasive arguments.

Now, as we transition to the theme of design thinking, we are excited to witness our Doonites engage in hands-on learning experiences that encourage collaboration, creativity, and problem-solving. Design thinking will empower our Doonites to approach challenges with empathy, curiosity, and a willingness to iterate until they find innovative solutions.

We encourage you to join us in supporting and encouraging our Doonites as they embark on this transformative journey. Together, let us nurture their curiosity, creativity, and resilience, empowering them to become compassionate and innovative leaders of tomorrow.

Thank you for your continued trust and partnership in our mission to provide a holistic education that prepares Doonites for success in all facets of life.
